

Making Corporate Partnerships Work for People and Planet

Event alongside
HLPF 2025

 17 July 2025
4:00 to 5:30 pm

 SOS Children's Villages International
777 United Nations Plaza, Suite 6A
New York, NY 10017

Join us for an interactive dialogue on advancing the UN Sustainable Development Goals through cross-sector collaboration.

As we work toward achieving Goal 3 (Good Health and Well-Being), Goal 5 (Gender Equality), Goal 8 (Decent Work and Economic Growth), and Goal 14 (Life Below Water), international NGOs increasingly recognize the private sector as a critical partner in creating sustainable, inclusive solutions. Together, we will explore what models of collaboration truly deliver impact, the enabling conditions required for success, and the vital role of facilitators in fostering cooperation and strengthening Goal 17 (Partnerships for the Goals).

We welcome international NGOs, companies, and network stakeholders to come together to identify concrete needs and uncover new opportunities for cooperation.

This event is held by UPJ in partnership with DHL Group and SOS Children's Villages International and takes place alongside the 13th High-Level Political Forum (HLPF).
